Invitation To Live Crusade Starts Here On Friday

Rev. Marney Patterson

For the third consecutive year a group of churches are co-operating together in a Crusade for Christ blanketing the Highlands. This year a different speaker has been invited in the person of the Rev. Marney Patterson. Mr. Patterson is an ordained Anglican clergyman working under the approval of Bishop George B. Snell and the General Synod of the Anglican Church.

Before entering the ministry Mr. Patterson was a disc jockey and broadcaster, giving him experience in the art of communication — a fact which is evident in his ministry.

From the Crusades of the past two years we know that this type of service will find a good response among the local people. Again this year there will be an active choir and lively congregational singing under the direction of Mr. William McCaul.

A baby sitting service will be provided for the convenience of parents with young children.

In preparation for the Crusade ten Household Fellowship Groups have been meeting throughout the County, and much time and effort has been expended by the various committees. Advertising has been carried out through the press, mailings, television and radio.

In a departure from past practice the Crusade will begin on a Friday night, June 14, and continue nightly until Sunday, June 23. The meetings, starting at 8:00 p.m., will be preceded by a 15-minute hymn sing. Although the High School Auditorium has plenty of room, you are urged to come early and get the best seats.

SPLASH PARTY FOR TEENS

It looks like a big time in a big pool for the teenagers of the County. The Henry's of Halimar have invited all teens to come down for a big splash in their heated pool on Monday, June 17 at 2:00 p.m. What better way is there to celebrate the end of another gruelling school year.

Following the splash party the young people are invited to take part in a rip-roaring bull session with Rev. Marney Patterson, a former disc jockey and broadcaster on C.H.E.X., Peterborough and C.K.E.Y. Toronto.

This is an open invitation to all teens, so gather up a gang and let's make it a real big splash. Remember, it's really not so far to Halimar.

Mr. William McCaul

Independent Running

A 57-year-old Haliburton High School teacher, Harvie J. Armstrong, filed nomination papers this week with the Returning Office in Lindsay as an Independent candidate for Victoria Riding.

Mr. Armstrong, who said he was concerned about the future of the young people he teaches, told the press earlier this week that he was running as an Independent with no other affiliation.

He said he felt that when \$60 million can be available for a CBC complex in Montreal there should be money made available also to young people starting out in life so that they can "buy a bit of land and build homes in this beautiful area".

Mr. Armstrong said he was also

concerned with the problems older people face — people who have worked for homes and now find it difficult to keep them through high taxation.

Mr. Armstrong, who has been a school teacher since 1934, joined the staff of the Haliburton Highlands Secondary School last year. He was the owner and publisher for four years of the Millbrook Reporter, a weekly newspaper which he sold in 1963, and he was a Justice of the Peace in Millbrook for three years.

He was born in Toronto, is married and has four school-age children.

Mr. Armstrong's wife is also a teacher at the Haliburton Highlands Secondary School.

It's Here At Last

After many months of waiting we are pleased to announce that "In Quest of Yesterday", a history of the Haliburton Highlands, is now on sale and if you are one of the many who have been waiting for this publication you will not be disappointed. Mrs. Nita Reynolds, the author, has after years of research come up with the most interesting document regarding the early days in Haliburton that has or ever will be produced.

"In Quest of Yesterday" is now on sale at the following locations: Brohm's Variety Store, Curry Motors Limited, Varty's Jewellery and Gifts and the Haliburton County Echo. We are also informed that Stevens' Store at West Guilford have a supply on hand.

In case you are interested in the cost, the said books are worth \$3.95, and in this case there is no tax.

Please Note: The picture of the presentation of the first copy of "In Quest of Yesterday" appears in this paper through the courtesy of the Lindsay Daily Post.

FLASH

The Echo has just learned that when David Logan arrives here Saturday he will be accompanied by the Lindsay Kinsmen Band.

Scuba Divers Seek Body Of Scarboro Man

Scuba divers are assisting in the search for the body of a 39-year-old Scarborough man who is believed to have drowned last Sunday morning in South Lake, three miles east of Minden.

Police said the man, John D'Arcy Bell of Scarborough, reportedly left his cottage early on Sunday morning in his canoe to go fishing. The canoe was found capsized about 10 a.m.

Minden O.P.P. said the man had left in the canoe before his wife and five children were up Sunday morning, but they could not be sure of the exact time he went fishing.

Search operations started on Sunday in about 65 feet of water where the man is believed to have drowned but there was no sign of the body, and searches were on the lake again Monday morning to continue the hunt. Police said among the search party are two O.P.P. scuba divers. Some persons in privately-owned boats were also dragging the lake, said Police.

The search operations are being headed up by Minden O.P.P. Corporal John Dunn and Constable Barry Connelly.

Haliburton Minor Hockey Banquet Well Attended

Last Thursday evening a crowd of approximately 200 attended the Minor Hockey Banquet held in the Community Arena Auditorium. The Banquet served two purposes, to honour the Bantams for reaching the All-Ontario Finals and to raise money for the Minor Hockey fund.

The President of Minor Hockey, Mr. Stuart Baker, was Chairman for the evening. He congratulated the Bantam Hockey Team, their Manager Cliff Dawson and Coach Jim Scheffe on a job well done.

Mr. Baker also asked for volunteers to help out with Minor Hockey as Coaches and Managers and for transportation.

Reeve Roy Brohm also added a few words of encouragement to the boys. He was optimistic in believing that there could be N.H.L. players from our area in the near future.

Mr. Cliff Dawson, Manager of the Bantams, credited the eagerness of his team to play hockey, the co-operation of the parents and arena management, and a reliable coach for the success of the Bantam team. Each member of the team was presented with an Ontario Minor Hockey Association crest and will be given a hockey jacket.

Bantam Larry Scheffe presented a gift to the Coach and Manager, and thanked them on behalf of the team.

It was the pleasant duty of Mr. Len Salvatori to thank the ladies for the wonderful job done in serving the delicious dinner, and also of thanking Mr. Mark Schell, the efficient cook. Mark and the ladies have been most willing to help when called upon for lunches and dinners during the hockey season.

The Haliburton Minor Hockey Executive wishes to thank everyone who helped in many ways to promote Minor Hockey in Haliburton this past season.

What Dysart Council Did

Dysart Council met on Monday morning last with all members being present.

After the reading and approval of the minutes of the previous meeting, Council got down to perusing the Accounts and after due consideration Road Accounts amounting to \$15,070.03, General Accounts totalling \$9,997.93 and Welfare Accounts amounting to \$1,180.08, down sharply from last month when they amounted to \$1,735.00, were passed.

The British American Oil Company was awarded the contract to supply furnace oil to the Municipal Offices, Garage and Library until December 31, 1969. Tender price was 16.99c per gallon.

Plans for the construction of a concrete bridge across the Drag River were approved by Council and forwarded to the Department of Highways with the request that the work on the said project start as soon as possible.

A request from the Executive of the Haliburton Businessmen's Association to close the L.C.B.O. Store here on Wednesdays blew up quite a storm in Council. Under the present arrangement the Liquor Store in Minden is closed on Wednesday, with Haliburton remaining open on Wednesdays. As the request for a change did not come from the L.C.B.O. Staff no one seemed to know why the request for a change. A suggestion to close on Mondays was also talked about and Council have decided to let things remain as they are regarding this matter.

Councillor Lloyd Coneybeare asked what action was being taken on the bridge on the Cowling Subdivision, and was informed that the matter is in the hands of the Municipal Solicitor.

Mr. Charles Tyler appeared on behalf of the Haliburton County Maple Syrup Producers' Association to request an acre of the industrial property that the municipality has available. Mr. Tyler stated that it was the intention of the Association to erect a Central Evaporator providing the land could be secured. Council assured Mr. Tyler that the necessary land would be available when required.

Mr. Mervyn Roberts was on hand to speak for Suncott Developments, and stated that a large number of new cottages were either under construction or going to be built there. He cited the need for road improvements on the highway leading into the development, and Council agreed that improvements were necessary and are willing to make same.

Mrs. Faye Martin and Mr. R. H. Anderson Jr., representing the Monmouth - Glamorgan Township School Area Board, approached Council for approval to erect another school room. We might add that Harcourt Township is in this section, and Mrs. Martin is Harcourt's representative on the Board. It was explained that due to overcrowding a new room

A Sad Eulogy And Plea

I mourn the loss of a great man — not for his loss, as much as the loss of the potential good he could have spread to all the people of his country. His life was a good life — but his potential was unlimited. He left millions of people with a burning candlestick of hope — a candlestick which is burning shorter because there is not many more great men to turn to.

John F. Kennedy, Martin Luther King, Robert F. Kennedy; they all died because they tried to help others more unfortunate than themselves.

Bobby was a millionaire, but he felt that because he was a millionaire it was so much more his duty to help others — the poor, the coloured, and others who were unfortunate.

How selfish we are! We break the code of ethics to get what we want. We steal, we lie, we cheat. We are selfish people, most of us. We grapple to make more money to buy more clothes, a bigger house, greater prestige. We trample the poor, the unfortunate.

Yet above our self-made mire

LOCHLIN

Mr. and Mrs. Carl Dugan were weekend visitors with Mr. and Mrs. Bill Davis of Whitby, and also attended the graduation of Miss Karen Stata who received her B.A. Degree from Trent University in Peterborough.

Miss Susie Shaw and Miss Eunice Hague were visitors to Lindsay this week.

Mr. and Mrs. Ron Burk and boys were recent weekend visitors with Mr. Cecil Burk and Helen.

Mrs. Archie Brown and Mrs. Sandy Gilbert were visitors to Lindsay on Saturday.

Mr. and Mrs. Terry Hicks and family of Haliburton called on Mr. and Mrs. Jim Dugan on Sunday.

A large number from here attended the Party for Mr. and Mrs. Tom Francis in the Gelert Hall on Saturday evening.

Mr. and Mrs. Ken Harrison and family and Mr. and Mrs. Russell Hutchison visited with their parents, Mr. and Mrs. George Exon, over the weekend.

A number of ladies gathered at the home of Mrs. Mike Newell on Friday evening to honour Miss Janet McKay with a Shower, prior to her marriage to Mr. Hartley Newell.

Mrs. Raymond Congdon accompanied Mrs. Alfred Richardson to Toronto last Thursday.

Mrs. Russell Burk and Miss Helen Burk visited with Mrs. Cecil Burk at the Ross Memorial Hospital in Lindsay last Wednesday. We are all pleased to hear you are coming along so well, Lizzie.

there are a few — just a few — who are greater than we will ever be able to imagine ourselves to be. These few have compassion, understanding, insight and a great love for mankind. Love, that's what it's all about. Love for your fellow man. We selfish have love only for ourselves and our possessions.

J.F.K., Martin Luther King and Bobby Kennedy displayed this rare love for mankind. They were not selfish. They died for what they believed in. Could we do the same? Could we die for our possessions and our money? No. Money and material possessions are not great enough to die for. But the cause of the improvement of our fellow man is.

We — the selfish — must realize that there is more to life and living than just ourselves. We — the selfish — must learn to give. To give and love. To give with love. Man himself, alone, is decay. Man love and brotherhood together are strength. The only way to save ourselves, and indeed our civilization, is to show compassion, understanding, insight and love for our fellow man. This is our duty.

For without these four desperately needed qualities, the lives and deaths of J.F.K., King and Bobby will become meaningless. D.M.O.

Haliburton Hylanders Defeat Wilberforce

In a ball game played last Friday, June 7, the Haliburton Hylanders Softball Club got a 6-4 win over the Wilberforce entry in the Haliburton County Softball League in a very tight contest.

Craig Stamp, the Hylanders' pitcher, went the entire eight innings, as it was all tied up at 4-4 at the end of the seventh inning. The Hylanders went out on top in the eighth inning as they scored two runs.

This win gave the Hylanders two wins and two losses in their four games played.

This young club needs the support of the local fans, as the collections taken help to buy the equipment required to play ball. Thanks a lot.

SUGAR AND SPICE

by Bill Smiley

ME AND CHARLIE

How would you like to be 17, spring-time, and sick? Well, my daughter doesn't like it much, either. She's been cooped up in the house for about six weeks, while the sun grows warmer, the grass greener, the leaves leafier, and the juices of 17-year-olds course through their bloodstream.

Mononucleosis. Never heard of it? Neither had I, until it entered our domain. It was as remote as malaria, hepatitis and jungle mouth. But it seems that everybody I meet has a niece or granddaughter who has had it. These people almost invariably tell you that it takes about a year to get over it.

Then there are the others, who don't know anything about it, except, and they chortle, it's known as The Kissing Disease. I have been told this at least eight times a day since Kim came down with the scourge, and the next person who uses the term, even if it's a sweet, little, old gray-haired lady, is going to get a punch right in the nose. I'm absolutely certain that my daughter has never kissed anybody in her life except her dear old Mum and Dad. Well, fairly certain.

Picture a caged tigress, eyes burning with yearning for a good bite out of some of that life walking by the cage, and you have Kim. Then picture the same tigress toppling over on her side and rolling up her eyes until only the whites are showing, and you also have Kim.

It's a most peculiar business. It seems to occur to those who become run down, physically and emotionally. A lot of college students incur the thing in the Spring, when the pressures are heavy, exams are looming, and they are generally pooped.

Some of my best friends have suggested that Kim was in a weakened condition from eating my cooking all winter. This is a dirty lie. She put on weight.

One of the frustrating things about it is that there's no medication or cure for it, except time and the body's natural resilience. I would suggest that, if your body has no natural resilience,

if you can't touch your toes, you're a candidate. Put that in your throat and lump it.

Perhaps the worst thing about Kim's condition is that her sleeping schedule is all out of whack. She can sleep until 2 p.m., and about nine o'clock at night begins to come alive and pads around the cage until the tiny hours, switching lights on and off, flushing things, and playing records. Gets to sleep at five a.m. and is dead for 12 hours.

However, that's enough about mono. Just wanted to give you the symptoms, in case your kid has it. Normally in Spring, we tip-toe among the tulips. This Spring, we tip-toe around the tigress.

This is not enough. My wife is about to undergo an operation, and even though she hasn't had it yet, she's an expert. She has talked to about 20 women who have had it, and entertains me with gay little details about over-ies and uteruses and stuff daily. Usually at meal hours.

Every time the phone rings she breaks into a cold sweat and palpitations. I called from work at lunch-hour the other day, to ask whether it was worthwhile coming home for a corned-beef sandwich, and she almost fainted dead away, thinking it was the hospital calling.

She has her bag packed, her pyjamas washed, and her will made. She washes her hair every day, in case she's called. Her legs are raw from shaving them every day.

Some people tell her she'll be a year getting over it; others, three weeks. This makes summer plans rather uncertain. I'm seriously thinking of setting up a nursing home. Limited, of course, to post-operative cases and kids with mono. I'll be an expert, and might as well cash in, if I have to do the cooking and housework anyway.

I guess I shouldn't kick. I haven't the gut to keep a dental appointment. I am turned to stone at the sight of a hypodermic needle.

But it looks like a tough summer ahead for me and President de Gaulle.

Snowdon Council

The regular meeting of the Snowdon Township Council was held on Monday, June 3, 1968, with the Reeve and all members of Council present.

The minutes of the previous meeting were read, and these were adopted on a motion by Ralph Young, seconded by Grace Simmons.

The Council, after checking the road programme for the year, decided to apply for a supplementary road by-law, so it was moved by Gerald Hicks and seconded by Grace Simmons that the Clerk apply to the Department of Highways for a supplementary road by-law for the purpose of priming the Minden Road.

Moved by Gerald Hicks, seconded by Steve Hancock, that we tender for prime and sand cover for the Minden Road.

Moved by Steve Hancock, seconded by Ralph Young, that we donate \$15.00 to the Kimmount Fair Board.

Moved by Gerald Hicks, seconded by Grace Simmons that a donation of \$15.00 be made to the Salvation Army.

Moved by Gerald Hicks, seconded by Ralph Young, that the Clerk write to the Department of Lands and Forests regarding the stocking of Township lakes.

Moved by Ralph Young, seconded by Grace Simmons, that Council is in agreement with the proposed construction of that portion of Highway 121 from Highway 519 to Highway 35.

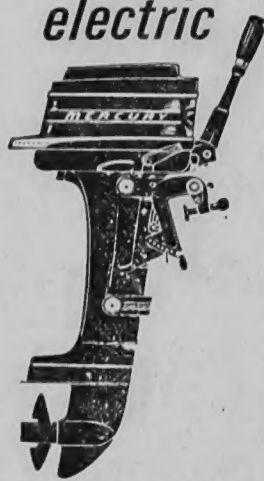

Moved by Ralph Young, seconded by Steve Hancock, that the current bills amounting to \$367.54 be paid.

Moved by Ralph Young, seconded by Gerald Hicks, that Road Voucher No. 5 be approved for payment in the amount of \$992.69.

Moved by Ralph Young, seconded by Gerald Hicks, that this meeting be adjourned until July 3, 1968 at 7:30 p.m.

CHURCH NEWS

HALIBURTON U.C.W.

Unit 2 of the Haliburton United Church Women convened at the home of Mrs. Jean Casey on Monday, June 3, at 8 p.m.

Jan Shipley opened the meeting by reading a poem entitled "Our Feathered Friends", and she then welcomed the members and visitors.

Pat Thornett was in charge of devotions, the topic being "Missions". The Scripture Reading was taken from John, 1st Chapter, Verses 6 - 18. Hymn 266 was sung and the offering was received and dedicated.

The next Unit meeting which will be held in September will be in the form of a "traveller's dinner".

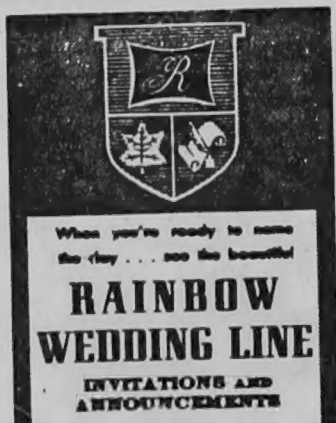

Vera Archer told the group about a very interesting letter received from Sylvia MacNeeley (Gilroy), who was able to visit our foster daughter Evangelia in Greece. This letter was of great interest to the entire group.

The programme, which was in the form of a playlet entitled "A Student Minister in a Home Mission Field", was introduced by Maxine Curry, with Helen Leigh-

ton, Vera Moore, Dorothy Davidson and Betty Inglis taking the different parts. A question and answer period followed.

Jan thanked Jean for the use of her home, and closed the meeting with the Benediction.

A social time followed, during which Mr. Garnet Stewart demonstrated the technique of styling, cutting and rolling hair. Maxine then thanked Garnet, and refreshments were then served by the hostesses.

Card of Thanks

May I express my sincere thanks to my relatives and friends for the lovely flowers, gifts and cards. Special thanks to Doctors Service, Watson and Koval, and all the Nurses on the Third Floor of the Ross Memorial Hospital, and also the attendants of the Minden Ambulance who were so kind to me. Thanking one and all.
Mrs. Alice Peacock,
Gelert, Ont.

Words fail to express our sincere appreciation, thanks and gratitude to relatives and friends for their many acts of kindness, cards, letters, floral offerings and Gideon Memorial Bibles received during our recent loss of a loving Husband and Father. Special thanks to Rev. Noel McNeill, Dr. Good, Haliburton Red Cross Hospital, the John Welch and Son Funeral Directors, and the many more too numerous to mention. Your kindness will always be remembered.
Mrs. Verle Fader and Family.

IN MEMORIAM

HICKS - In loving memory of Mother, Charlotte, who passed away in January 1919; Dad, in January 1941; Brothers Kenneth in May 1916, Fred in September 1958, Bert in December 1966, Melville in September 1967 and Eldon on May 29, 1967. God knew that they were suffering,
That the hills were hard to climb,
So he closed their weary eyelids
And whispered "Peace be thine".
—Ever remembered by Annetta Stanley and Family.

JOHNSTON - In loving memory of a dear Wife and Mother, Jessie, who passed away on June 16, 1960. Gone from us but leaving memories,
Death can never take away,
Memories that will always linger
While upon this earth we stay.
—Ever remembered by Husband Sidney and Family.

JOHNSTON - In loving memory of a dear Sister, Jessie, who passed away on June 16, 1960. We do not need a special day To bring you to our mind,
For the days we do not think of you
Are very hard to find;
If all the world were ours to give,
We'd give it, yes and more,
To see the face of Jessie
Come smiling through the door.
—Ever remembered by Sister Katie.

JOHNSTON - In loving memory of Roy Wilfred Johnston, who passed away June 11, 1964. This month comes with sad regret, It brings back a day I won't ever forget;
You fell asleep without goodbye,
But my memories of you will never die.
I miss you more than anyone knows,
As each day passes the emptiness grows;
The tears I shed I can wipe away,
But the ache in my heart will always stay.
You left me suddenly, your thoughts unknown,
But you left me memories I am proud to own.
—Sadly missed and always remembered by Mother.

PECK - In memory of Percy Peck, who passed away on June 23, 1965. Three years have passed since that sad day,
The one we loved was called away;
God took him home, it was His will,
But in our hearts he liveth still.
And while he lies in peaceful sleep,
His memory we shall always keep.
This month comes back with deep regret,
It brings back a day we can't forget;
He fell asleep without goodbye,
But memories of him will never die.
—Ever remembered by Sisters and Brother.

We'll Be Stuck With Our Habits — So They Had Better Be Good

The following conversation was actually heard in a dining car.

An elderly gentleman, apparently a doctor, said to a woman of 40 sitting across the table, "You had better eat more breakfast than that. Why don't you have some porridge?"

"When I'm 65 and don't care any more about putting on a few pounds" was the reply, "I intend to have porridge every morning — with cream."

The doctor looked interested. "How long have you been watching your diet to keep your figure in line", he asked.

"Since I was 14", she replied.

"Then let me tell you something", he said. "You will still be watching your waistline at 85. We do not forsake the habits of a lifetime at 65 or 70."

What the doctor said is even more true about behaviour than about diet. One cannot be selfish and unloveable until time to get the Old Age Pension, and then turn on charm and become loveable.

At a meeting where housing and medical care of older people was the subject of discussion, an intrepid young doctor said, as

nearly as we recall, "A lot of old people are disagreeable. I think they should be told that others don't have to put up with this, and if they want to be visited by friends and relatives, or live in their homes, they have to behave themselves."

This difficulty is that the very people who merit such a rebuke are the ones whom many of us hesitate to cross. Instead we avoid them and they feel abused. It is fairly likely that those of us who live until we are three score and ten years of age will have our lonely times. We are not likely to be as mobile as we are now. Our friends won't be as mobile either. And they will get fewer. The fact sticks out a mile that sooner or later we are going to have to depend quite a bit on strangers for companionship and a feeling that someone cares about us.

What also sticks out a mile is that we are only going to get these desirable things if people like being around us, and if they find us cheerful, interesting company.

There's not a minute to be lost making ourselves that sort of person.

Uncle Dudley's Column

"Whatsoever a man soweth, that shall he also reap."

The death of Senator Robert Kennedy by assassination has shocked the entire world.

Three of the Kennedy family have met violent deaths; one a casualty of the war, President J. F. Kennedy in 1963 and now Senator Robert Kennedy, both laid low in cold blood by a deliberately planned murderer. These are harsh words. We should analyze the cause of such behaviour by so many of our citizens of this atomic age.

Could it well be that we are now getting the finished product of the education of our younger folk through the screen on television and commercial movies?

Our children are taught in school by sight and sound, and we expect them and they do absorb enough of these subjects to fit them for their future career.

Surely by the same token we must expect, and they will receive, the results of the horror,

filth and tragedy pushed at them daily by the living screen (in colour now of course).

Terror stalks over land and in every country, and life is not held in any respect in this day. Is there any remedy? I would suggest a return to the faith of our Fathers. A young Jewish Rabbi some 2,000 years ago proclaimed himself the Messiah, and some of his words were: "I am the way, the truth and the light, follow me".

All the killers of this and every age have been exposed to the wrong kind of teaching. The daily life of the individual is not governed by the moral and spiritual laws as of other days.

Every citizen should rise up and condemn the present orgy presented on the screen. Let us be up and doing.

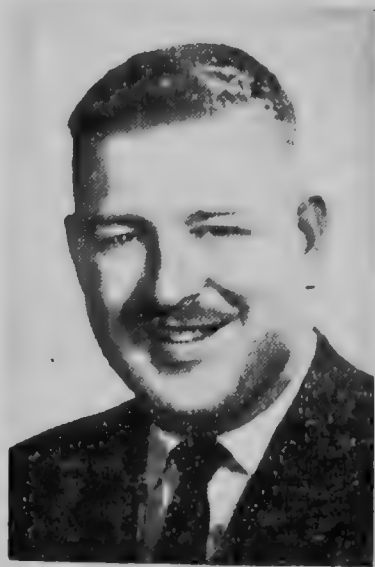

Meanwhile, the sympathy and the prayers of all thinking people go out from the hearts of thousands to the Kennedy family in this their dark hour of bereavement.

Are you paying more taxes and enjoying it less? ALLAN MCPHAIL shares your concern that we're all paying taxes on an unfair basis.

The last government(?) spent a lot of your money on the Carter Commission which reported that the heavy tax burden should be shifted from your shoulders to corporations and other groups which are better able to carry it.

ALLAN MCPHAIL will ask Ottawa for you when this is going to happen.

Santa Claus Has Nothing On This!

On Monday morning my wife had been forming a collection of trash and scrap-paper in the little kitchen annex stove from which a seven-inch pipe rises to an elbow and enters the chimney four feet distant, where it shares the chimney flue with our fireplace.

About 11 o'clock she became aware of a commotion in the pipe at the damper just above the stove, and thinking that it must be a bat she prodded it with the poker. Just then I came in, figured it was much too bulky for a bat and so I removed the pipe joint above and reached down and extracted head first a female Hooded Merganser Duck which was very much alive. Needless to say, it wore a very sombre hue.

We took it immediately to the water, photographed it, and released it. It ran over the surface and took to the wing, apparently none the worse for ware.

Two pails of soot was removed from the chimney clean-out as proof of a most efficient chimney sweep. All's well that ends well!

HALL'S LAKE

Mrs. Edith Russell is at present in a Toronto hospital, but is expected home shortly. Our best wishes go out to her in her illness.

A lovely wedding took place at St. Stephen's Church on June 1 when Gail Gartshore married John Lyons. A detailed account is forthcoming shortly.

Household Fellowship Meetings have been held at the homes of Mrs. Wm. Gartshore, Mr. and Mrs. Len Stinson, and Mrs. Elvin Johnson, and one is being planned for this week at the home of Mrs. George Porrier. These meetings are planned to strengthen and encourage the work of preparing for the "Invitation to Live" Crusade coming to Haliburton beginning on June 14.

Our sympathy is extended to Florence Porrier and Louise Watson in their bereavement in the loss of a sister in Toronto.

A very lovely Miscellaneous Shower was held for Miss Gail Gartshore at the home of Mrs. Stewart Dawson, and another at Lorealea Lodge, when neighbours and friends gathered to shower Gail with many lovely and useful gifts. Among her most prized possessions are two hand-made quilts.

Mrs. Evelyn Hewitt has gone to Banff for the Library Board Convention.

What Dysart Council Did

(Continued from Page One)

would be necessary, and as this municipality's share would total \$850.00 permission had to be secured. Council agreed to meet their share of the expenditure.

Deputy Reeve Holly Sisson asked if Council have ever been in communication with CKVR-TV of Barrie regarding their Satellite Station in Haliburton. As Council so far have not done anything in this regard the Clerk was instructed to request them to move it or do away with it altogether. This Satellite Station has not been working for some time and everyone from far and near are complaining of the wavy picture they are getting.

Our dump sites are becoming more of a problem all the time and it is apparent that some added supervision is needed owing to the fact some persons don't care what they take to the dump or where they deposit it, thus causing much inconvenience. Why Council should have to spend so much of their time and the ratepayers' money keeping these dumps in order is a matter that is going to command considerable attention. One thing we are certain of is that we have a good many irresponsible citizens who pay very little or no taxes who make it their business to make as much of a mess of our dump sites as possible. Council have decided to hire men to keep an eye on our dumps and to report anyone who is not dumping their garbage in proper places, and those caught hauling stumps to these places will just be looking for trouble. Unless things improve in this respect the day will not be far off when these sites will be fenced and padlocked and fixed hours will be set for dumping purposes.

The Haliburton Businessmen's Association have for many months now been trying to have a "Welcome to Haliburton" sign erected on the approach to Haliburton. After a long struggle they have secured a location for the sign on that piece of property known as the Bannan Mill Site. We are pleased that such a sign is to be erected as other places have these signs, but it has seemed such an effort to have one erected here. We wonder why!

Councillor Harold Bannan brought up the matter of street lights and asked for the erection of mercury vapour lights from the United Church past Miller's Store to the residence of Don Ees, and also a light in front of Newbatt Plumbing and Heating. Reeve Roy Brohm gave it as his opinion that as there was already a light in front of Newbatt's we should wait until the construction of the new bridge before installing any more lights. Councillor Bannan held that the light in front of Newbatt's was not of the mercury vapour type, and he did not think we should wait until the new bridge was installed to make the change in this case. As Council could not see eye to eye on this matter it was agreed that a committee should go over the situation and report back.
